Are there other circumstances that would affect my use of Blue Stream Phone Services?

General Phone FAQs · https://www.bluestreamfiber.com/support/are-there-other-circumstances-that-would-affect-my-use-of-blue-stream-phone-services/

In addition to those reasons listed above, if Blue Stream Phone service is interrupted as a result of downed cables connecting to your home or cuts to other portions of our network (as can happen in cases of severe storms), the service will not function until those facilities are restored. Depending on the specific facilities impacted, traditional phone providers may be affected in similar ways.
