Can I call 911 using my Blue Stream Digital phone?

911 · https://www.bluestreamfiber.com/support/can-i-call-911-using-my-blue-stream-digital-phone/

Yes. Enhanced 911 (E911) is part of Blue Stream Digital Phone service. With E911, when you dial emergency services, the operator automatically receives your name and address information in advance. Please note that there may be circumstances under which the E911 services available with Blue Stream Digital Phone may be limited in comparison to traditional 911 service. Please see Blue Stream’s Subscriber Agreement for more information.
