Can I use my Blue Stream Fiber TV remote on any TV within my home?

Self-Troubleshooting Tips · https://www.bluestreamfiber.com/support/can-i-use-my-blue-stream-fiber-tv-remote-on-any-tv-within-my-home/

No, you can only use your Blue Stream Fiber TV remote with the television and set-top box it was originally installed on. In fact your remote should have a sticker on it that matches one on the set top box it was paired with.
