Does the streaming service work on Samsung TVs?

Video FAQs · https://www.bluestreamfiber.com/support/does-the-streaming-service-work-on-samsung-tvs/

Currently, Android-based TVs do support our Blue Stream Fiber TV App. At this time, however, Samsung TVs and their specific operating systems do not support our Blue Stream Fiber TV App. It is slated to come in late 2023. Until that time you can connect a Fire Stick or Apple TV to your Samsung TV to enjoy the Blue Stream Fiber TV App.
