How do I prepare for construction on my property?

Construction · https://www.bluestreamfiber.com/support/how-do-i-prepare-for-construction-on-my-property/

As we get close to digging near individual homes, it will be helpful to be made aware of any invisible fences, underground gas lines/ tanks, landscape lighting, french drains, etc. To share this information, please contact your dedicated community number or email. Our goal is to ensure a smooth construction process for all residents and knowing this information will help us work around these details.
