Should I wait to disconnect my current home phone service until Blue Stream Phone is installed?

Phone Installation · https://www.bluestreamfiber.com/support/should-i-wait-to-disconnect-my-current-home-phone-service-until-blue-stream-phone-is-installed/

Yes. If you choose to keep your current home telephone number (i.e. port your number), you should NOT contact your current home phone service provider. You need to continue the service from your current phone provider until we complete your Blue Stream Phone installation. Once our installation is complete and your phone number is successfully transferred, we will contact your current phone service provider to ensure your previous phone service is disconnected.
