# Will my monitored security system work with Blue Stream Digital Phone?

General Phone FAQs · https://www.bluestreamfiber.com/support/will-my-monitored-security-system-work-with-blue-stream-digital-phone/

Blue Stream Digital Phone will work with most monitored home security systems. In the event that Blue Stream Fiber installs and configures the Digital Phone with your home security system, we require that you test the alarm system before and after your installation.
