

## Want to be able to watch TV anywhere?

We have you covered! Simply register for WTVE at WTVE.net and enjoy all of your favorite shows on the go. WTVE serves as an authenticator service that allows you access to all of the channels included within your Blue Stream Fiber service.

You will be presented with a list of networks that are available to you. Click on the network you want to watch. If the network you selected has an app available for your device, you will be directed to the app store to either open or download the app. Otherwise, you will be taken to the network's website. Open a network app - Hallmark Channel, for example - directly on your device. Log in and start watching.

For instructions on how to set up your WTVE account, see below!

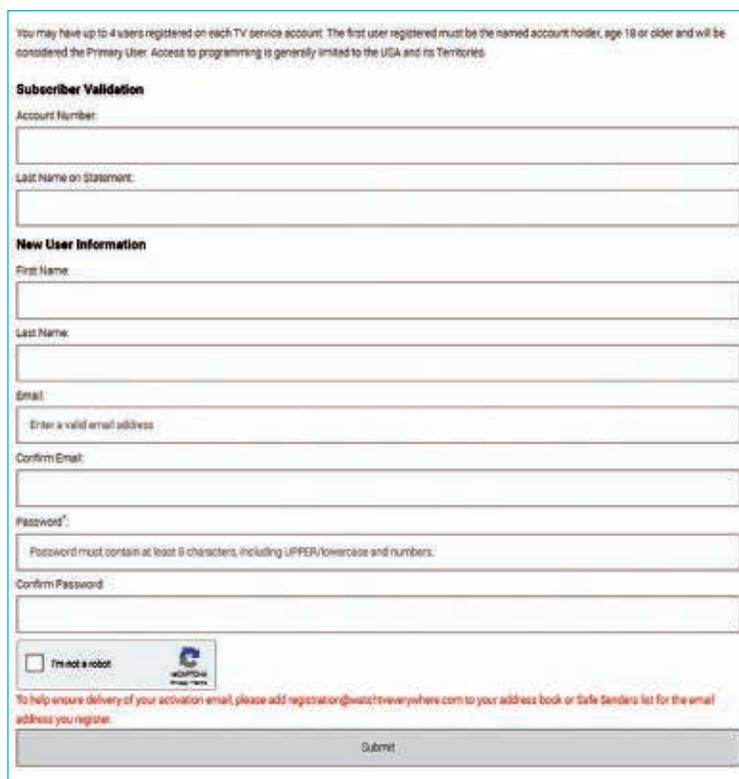

- 1 Go to [www.WTVE.net](http://www.WTVE.net) and Select "Blue Stream" from the drop-down menu and then click on "Submit".

- 2 Click on "Register." You will need your account number and the last name as it appears on your invoice.

- 3 Make sure to fill out every text box and click "I'm Not a Robot". Then click on "Submit".

You may have up to 4 users registered on each TV service account. The first user registered must be the named account holder, age 18 or older and will be considered the Primary User. Access to programming is generally limited to the USA and its Territories.
