

# Step-by-Step Guide to Finding and Installing Streaming Apps on Your Blue Stream Fiber TV Service:

If you have subscriptions to streaming services like Netflix®, Hulu®, or Amazon Prime Video, you can easily access them on your Blue Stream Fiber Set-Top Box. We'll show you how to install apps and enjoy your favorite content right on your TV.

## STEP 1

On your Blue Stream Fiber Set-Top Box remote control, find the button with four colored dots in the middle. This is the **GOOGLE ASSISTANT** button.

## STEP 2

Press the **GOOGLE ASSISTANT** button and release it. You'll see four colored circles appear at the bottom of your screen, indicating that the **GOOGLE ASSISTANT** is ready to listen.

## STEP 3

Speak the name of the app you want to install, for example, "Hulu app." The **Google Assistant** will search for the app and display the results.

## STEP 4

When you find the desired app, press the **OK** button on your remote control to start the installation process.

## STEP 5

To access your installed apps, press the **TIVO** button on your remote control. This will take you to the **Home Screen**.

## STEP 6

Once on the **Home Screen**, use the **RIGHT ARROW** button on your remote control to navigate to the **'APPS & GAMES'** section.

## STEP 7

In the **'APPS & GAMES'** section, press the **OK** button to see a full list of your installed apps listed under **'My Apps.'**

## STEP 8

Use the **ARROW** buttons on your remote control to highlight the app you want to use from the list.

## STEP 9

After selecting the desired app, press the **OK** button on your remote control to open it and start enjoying your favorite content.

## STEP 10

If it's your first time accessing a new app, you may need to log in. Follow the on-screen instructions to log in or set up your account.

## STEP 11

Repeat for more apps.
